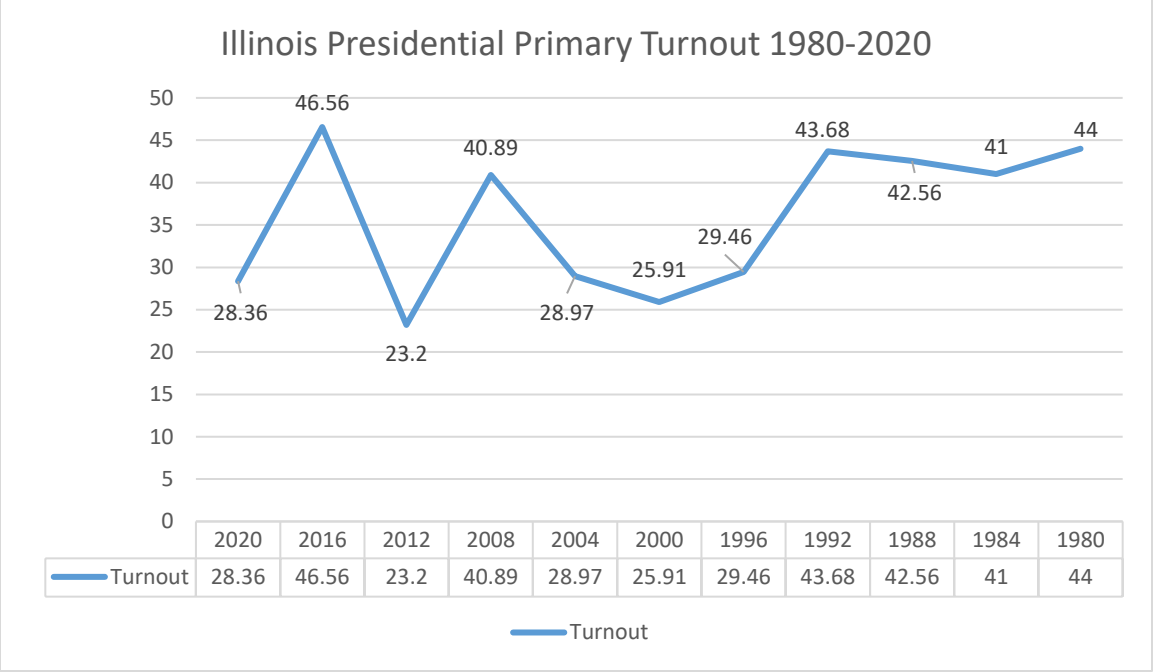
## STATE BOARD OF ELECTIONS CERTIFIES 2020 PRIMARY VOTE; STATEWIDE TURNOUT 28.36 PERCENT

SPRINGFIELD (April 17, 2020) – The Illinois State Board of Elections today certified the results of the March 17 primary election, including an official voter turnout figure of 28.36 percent.

A total of 2,279,439 voters cast ballots in the primary out of a total of 8,036,534 registered voters statewide, with Democrats accounting for 74.8 percent of the vote and Republicans 24.72 percent. Additionally, 10,697 voters cast non-partisan ballots on local ballot propositions.

Though Board of Elections staff have not completed compilation of official early voting and vote-by-mail totals, unofficial estimates indicate that use of these methods roughly doubled from the 2016 presidential primary, when 17.9 percent of votes were cast during early voting and by mail. Unofficial data shows voting by mail, which accounted for 3 percent of the 2016 primary vote, likely made up 10 percent of the 2020 total.

Though voting on March 17 was conducted amid coronavirus concerns, turnout results statewide were comparable to several presidential primaries in recent years. Four of the previous 10 presidential primaries generated voter turnout of less than 30 percent, with 2000 and 2004 turnout lower than this year's:



A copy of the official vote total book for the primary is included below. The book can also be viewed and downloaded in the Vote Totals section of the Publications page on the SBE website. Searchable results also are posted on the SBE Election Results page.

The State Board of Elections is an independent state agency charged with the responsibility of having general supervision over the administration of election laws of the State of Illinois. Elections are administered locally by the State's 108 election authorities.
