Re: Citizens to Elect Cary J. Collins, Committee ID 19858

Dear Ms. Steward:

Sharon Steward

We received your notice of October 21, 2013 today regarding the late filing of my committee's report which was due October 15, 2013. As soon as we received this notice, we did file a report as there is no activity on my committee.

We did not receive a notice as we normally due letting us know that this filing was due. As you will see, the filings have been performed on a regular basis since we have received notifications in the past. The last notice we have in our file is a letter of August 26, 2013 advising us of the new filing system.

Please advise if committees due receive notification of filings due and if not, could you provide a calendar of forthcoming dates so that we can put that in our calendaring system for the office.

We would ask that no fines be assessed at this time as there is no activity and the fund has only \$209.94 in the account.

Cary L. collin
